

writePROLITE (self adhesive film)

WriteProLite is a matte white film with whiteboard and projection capabilities. It offers excellent viewing angle characteristics as well as uniform brightness at any angle. Lower in weight than traditional projector screens, WriteProLite is a space-saving alternative that can improve productivity and creativity by transforming ordinary walls into dually-capable whiteboard and projection screens.

functional

- Self adhesive film
- Suitable for all collaborative writing and projection needs
- Perfect solution for healthcare, education, hospitality and corporate installations
- Flexible roll goods suitable for installation on curved substrates and columns

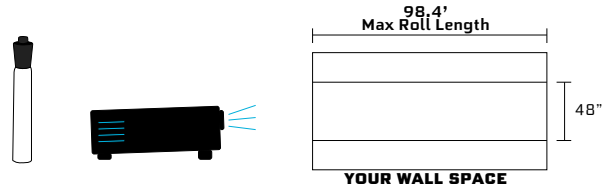

convenient

- Apply only to substrates with a smooth surface, such as flat metal panels of baked painted steel panels. Application to other very smooth substrates may be possible
- Horizontal installation provides a seamless writing surface across full walls & rooms

durable

- Easy to maintain
- Abrasion, stain and chemical resistant
- 5-year limited warranty
- Flexible, durable vinyl film

specifications

easy install

WriteProLite should be carefully inspected BEFORE CUTTING to confirm that the correct surface and quantity have been ordered and shipped. If you are installing a large order, organize your rolls in sequence before beginning application. Proper surface preparation is critical for a high quality installation. Any imperfections can result in an unappealing finish. Entire wall surface must be smooth and primed with a high-quality, white latex primer.

We suggest hanging the dry erase film horizontally to eliminate seams in the writing area. For full wall applications, it is recommended a full width strip be centered on the wall in the most likely writing area (see diagram above). Use recommended tools and adhesive for proper installation. After hanging one horizontal strip (a maximum of 20') of dry erase material, examine the installed wallcovering for colour uniformity and overall appearance.

accessories

WriteProLite is available with a complete line of accessories and optional finishing products. A wide selection of aluminum trims and marker trays offer convenience, cleanliness and aesthetic appeal. A full list of accessories follows in this catalogue, or visit WriteWalls.global

Care and maintenance items will ensure your installation endures everyday use. Choose from recommended markers, microfibre cloths and dry erase cleaners.

Accessories are sold separately and are all searchable online at WriteWalls.global

warranty

WriteProLite is covered by a five year limited warranty. This warrants that WriteProLite will be free from any defects in material or workmanship and meets the design criteria noted in our specifications when properly applied and installed per our recommended installation instructions. For more details on the WriteProLite warranty, please visit WriteWalls.global
