

# soundbite™

ACOUSTICAL & TEXTILE WALLCOVERINGS  
DESIGNED FOR DURABILITY

The SOUNDBITE™ BRAND brings designer style with a soft touch to the High Performance world in our portfolio ranging from sound softening to premium acoustical control.

# ABOUT THE BRAND

Designed for durability, Soundbite's commercial grade wallcoverings are as beautiful as they are strong. Created for hospitality, corporate, healthcare and retail facilities. Soundbite offers the longevity, scrubbability, and stain resistance associated with commercial grade acoustical and textile wallcovering in designer style and colour for the modern marketplace.

soundbite™

ACOUSTICAL & TEXTILE WALLCOVERINGS  
DESIGNED FOR DURABILITY

## ABOUT THE COLLECTION

### **Contract Acoustical Wallcovering**

Sound absorbing dimensional wallcovering created from 100% post-consumer recycled plastic bottles provide a beautiful visual and auditory room experience. Acoustical wallcovering feature an energetic color palette while providing the benefit of an NRC rating for the most demanding commercial space.

### **Contract Textile Wallcovering**

High performance textiles bring a distinctive elegance of style and soft luxurious hand to affluent spaces. The woven textiles are antimicrobial, stain resistant and meet commercial standards for high performance.

## KEYWORDS:

### **Contract Acoustical Wallcovering**

Noise reduction, sound barrier, sustainable, high performance, decorative and dimensional wall surface, uses 100% post-consumer recycled water bottles

### **Contract Textile Wallcovering**

Fabric wallcovering, absorbs sound, reduces echo, soft to the touch, textural woven designs, cleanable top coat, bleach cleanable and sustainable

# SOUNDBITE ACOUSTIC

As a perfect enhancement for optimum sound control in any space, SOUNDBITE'S ACOUSTIC portfolio offers soundproofing solutions for the most demanding commercial spaces.

# soundbite™ ACOUSTICAL

## HOW IT'S MADE

Using state-of-the-art manufacturing in the United States, our acoustic collection of sound absorbing wallcovering utilizes 100% post consumer BPA-free recycled plastic drinking bottles to create a beautiful visual and auditory room experience.

## ANTIMICROBIAL TECHNOLOGY

Incorporating silver and copper ions into the fiber which naturally attack microbes thus delivering surface protection in addition to odor, mould, and bacteria resistance.

This antimicrobial technology makes the perfect solution for healthcare, living, and workspaces with the added benefit of noise mitigation and visual beauty.

## NRC RATINGS

### WHY IS NRC IMPORTANT?

The perfect balance of ambient noise and sound absorption gives an audible sense of normal sound within an enclosed space, making hearing and communication comfortable and natural.

### WHAT IS NRC?

NRC stands for noise reduction coefficient and is the standard rating for how well a material absorbs sound. Different materials have different NRC ratings that range from 0.00-1.00.

### TYPICALLY, THE NRC RATING OF A MATERIAL IS VIEWED AS A PERCENTAGE.

For example, an NRC rating of .25 means 25% of the sound energy coming in contact with that specific material is absorbed. Simply put, the sound is not reflected back into the room to create noise.

### CREATED WITH

**NO PVC** (polyvinyl chloride)  
**NO VOC's** (volatile organic compounds)  
**NO ODS's** (ozone depleting substances)  
**NO Heavy Metals or Formaldehyde**

**80 PLASTIC BOTTLES = 1 YARD**

YORK  
CONTRACT

# soundbite™ SELF-ADHESIVE

Plastic PET containers are picked up at curb-side and community recycling centers, and then sorted by type and color.

They are stripped of their labels and caps, washed, and crushed, then chopped into flake.

These tiny pieces are melted and extruded to create fiber. The fiber produced is crimped, cut, drawn and stretched into desired length for strength, then baled.

The baled fiber can be processed into fabric for a variety of textile product end uses.

## RESOLVE SOUND QUALITY ISSUES AND REDUCE BACKGROUND NOISE.

### WHAT IS NRC?

NRC stands for noise reduction coefficient and is the standard rating for how well a material absorbs sound. Different materials have different NRC ratings that range from 0.00-1.00.

### WHY IS NRC IMPORTANT?

The perfect balance of ambient noise and sound absorption gives an audible sense of normal sound within an enclosed space, making hearing and communication comfortable and natural.

## MADE FROM 100% RECYCLED PLASTIC DRINKING BOTTLES.

### HOW IT'S MADE

Using state-of-the-art manufacturing here in the United States, our acoustical collection of sound absorbing wallcovering utilizes 100% post consumer BPA-free recycled plastic drinking bottles to create a beautiful visual and auditory room experience.

# SOUNDBITE TEXTILE

SOUNDBITE TEXTILES bring a soft designer touch to walls. Sound softening, they wrap the walls in a cocoon of quiet sophistication to create a luxury commercial space.

## INTRODUCING THE SMARTEST FABRIC YOU'LL EVER MEET.

RESIST STAINS | BEADS LIQUIDS | REJECTS ODOURS AND BACTERIA

Liquid spills bead up giving exceptional protection from stains, odours, moisture and mildew, making cleaning a breeze!

Silver Ion technology is used to inhibit the growth of a broad spectrum of microorganisms, including bacteria. Silver is one of nature's original antimicrobials. Used thousands of years ago by Greeks in vessels to preserve water and wine, the natural benefits of silver are now being used to keep fabrics odor-free.

Safe for you and the environment, Crypton has been Greenguard gold certified. It is free of potentially harmful levels of PFOS, PFOA, formaldehyde, heavy metals, phenols, phthalates, odour and skin sensitizers.

**It will stand the test of time, giving you freedom to live without compromise.**

Fire Behavior: B  
Smoke Production: s1  
Flame Production: d0

### US PERFORMANCE

Antimicrobial Technology

Fire Rating: ASTM E84 Class A Fire Rated

Additional information can be viewed at [Levey.com](http://Levey.com)

### ENVIRONMENTAL ATTRIBUTES

Contains recycled content

Can contribute towards LEED points

Greenguard Gold Certified

### WARRANTY

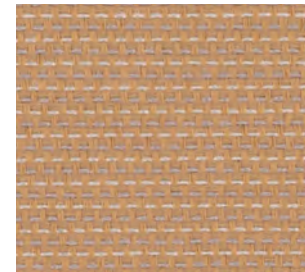

This product is covered by York Contract's 5 year limited warranty against manufacturing defects. For additional and most current information, please refer to [Levey.com](http://Levey.com)
